

3+4 Pathway Program Eligibility Requirements

(for students who entered UNT as 'first time in college' students before Fall 2023)

Eligibility Requirements

To be eligible for initial and continued participation in the 3+4 Pathway Program, a student must:

- have been a first-time-in-college student admitted to UNT for the fall term immediately following high school graduation or be enrolled in the Texas Academy of Mathematics & Science;
- have submitted to the UNT Office of Health Professions Advising all documents relevant to the 3+4 Pathway Program;
- be a Texas resident as defined by Rule §21.24 of the Texas Administrative Code;
- have completed the SAT or ACT;
- successfully complete a minimum of 15 semester credit hours (SCH) of the 3+4 Pathway Undergraduate Curriculum each fall and spring semester, for 6 consecutive semesters;
- take all science coursework at UNT; "science" is defined as any course with a prefix of BIOL, BIOG, CHEM, and PHYS;
- maintain continuous enrollment at UNT during long terms;
- complete a minimum of 90 semester credit hours of the Undergraduate Curriculum at UNT, of which 24 must be advanced and completed at UNT, irrespective of any course credits earned through dual credit, advanced placement examinations, or transfer from other institutions;
- earn a B or better in all prerequisite courses and all BCPM courses taken at UNT ("BCPM" is defined as any course with a prefix of BIOL, BIOG, CHEM, PHYS, and MATH); if statistics is completed by Advanced Placement ("AP") credit, a B or better is not required;
- earn both a cumulative and BCPM ("BCPM" is defined as any course with a prefix of BIOL, BIOG, CHEM, PHYS, and MATH) GPA of 3.5 or higher by the end of the first semester at UNT;
- maintain a cumulative GPA of 3.5 or higher;
- maintain a GPA of 3.5 or higher in all BCPM courses;
- earn a semester GPA of 3.25 or higher in all six semesters at UNT;
- participate in the UNT Health Professions Advisory Committee (HPAC) process throughout the second year at UNT.
