

# Anesthesiology Assistant Competitive Application

## What is the holistic candidate review?

Anesthesiology Assistant schools use a “holistic candidate review” to gauge a candidate’s qualifications for attending a Master of Science in Anesthesia (MSA) program. This review looks at the candidate in totality, taking into consideration quality experiences that prepare them for the anesthesiology field. The wheel below represents our recommendations for competitive application.

# Progress Tracking

Name: \_\_\_\_\_

**Evaluation Criteria:**

1 - Fails to Meet Expectations; 2 - Falls Short of Expectations; 3 - Meets Expectations; 4 - Exceeds Expectations; 5 - Outperforms Expectations

ACTIVITIES	1	2	3	4	5
