Basic Life Support required for matriculation

*BIOC 4540 & 4550 is recommended to prepare for dental school curriculum

**Dental Schools require Physics Courses for science majors. Please see your major advisor for information on which physics are required for your degree.

***Anatomy & Physiology I & II is recommended to prepare for dental school curriculum (required by Texas A&M)

NOTE: Courses for non-science majors or for health career majors, such as nursing, pharmacy, allied health sciences, will NOT satisfy the required coursework. All required coursework must be applicable toward a traditional science degree.

A ‘C’ or better is required in all coursework
Completion of a degree is STRONGLY recommended
