Many schools strongly recommend coursework in other areas like Biochemistry, Cell Biology, Genetics, Medical Terminology, Psychology, Anatomy & Physiology, etc. Please refer to the school’s website for additional information.

Scan the QR code to the left for more information on U.S. Podiatry Schools, MCAT preparation, pre-health organizations, application services, Health Professions Student Development Certificate and how to schedule an advising appointment.

*Program requirements may change without notice and vary with each school; you are still responsible for checking schools’ websites for admissions information. Please see your academic advisor to further explore the requirements of the school in which you are interested.*
Mapping the Pre-Podiatry Journey

With the help of your advisor, use the prerequisite courses listed on the following page to create an individual plan for your pre-podiatry ambitions. Because circumstances can change and differ over time, this is an **unofficial** timeline and should be re-evaluated each semester.
